Artifex Dental Laboratory  
101 S. Whiting St., Unit 107  
Alexandria, VA 22304

Re: Lab Services

Dear Tony:

On behalf of the Northern Virginia Dental Clinic (NVDC), I want to thank you and your team at Artifex Dental Laboratory for your tremendous support of our oral health program which addresses the oral health care needs of low-income and uninsured residents from throughout our community.

You and your team at Artifex have fabricated full and partial dentures, crowns, and all the preliminary work such as custom trays, base plates with wax rims, etc. needed to fabricate these appliances. The work produced by Artifex is always of the highest quality and needs minimal chairside adjustment.

Your willingness to provide the work that your lab contributes supporting the NVDC mission in its' service to the community, produces life changing results in the quality of life for low-income residents from throughout the Northern Virginia region.

Thank You for your commitment and contributions.

Sincerely,

*Thomas A. J. Wilson*

Thomas Wilson
